104. (Currently Amended) A system in which an interactive television program guide is implemented on user television equipment, comprising:

means for monitoring a user's interactions with the interactive television program guide to determine the user's interests;

means for displaying targeted advertising based on the user's interests ~~with~~ in the program guide; and

means for monitoring which advertisements are displayed by the program guide;

means for transmitting information on which advertisements are displayed from the program guide to a central facility; and

means for maintaining a monitoring record at the central facility containing the information on which advertisements are displayed, wherein the means for maintaining the monitoring record further comprises means for ~~maintaining~~ collecting information on the reasons that

each targeted advertisement was displayed by the program guide in the monitoring record.

105-108. (Canceled)

109. (Currently Amended) A method for using an interactive television program guide implemented on user television equipment to monitor the effectiveness of targeted advertising, comprising the steps of:

monitoring a user's interactions with the interactive television program guide to determine the user's interests;

displaying targeted advertising based on the user's interests with in the program guide;

monitoring which advertisements are displayed by the program guide;

transmitting information on which advertisements are displayed from the program guide to a central facility; and

maintaining a monitoring record at the central facility containing the information on which advertisements are displayed, wherein the step of maintaining the monitoring record further comprises the step of ~~maintaining~~ collecting information on the location

AMENDED

pac

in the program guide in which each targeted advertisement is displayed in the monitoring record.

110. (Currently Amended) A method for using an interactive television program guide implemented on user television equipment to monitor the effectiveness of targeted advertising, comprising the steps of:

monitoring a user's interactions with the interactive television program guide to determine the user's interests;

displaying targeted advertising based on the user's interests with in the program guide;

monitoring which advertisements are displayed by the program guide;

transmitting information on which advertisements are displayed from the program guide to a central facility; and

maintaining a monitoring record at the central facility containing the information on which advertisements are displayed, wherein the step of maintaining the monitoring record further comprises the step of ~~maintaining~~ collecting information on the reasons that each targeted advertisement was displayed by the program guide in the monitoring record.

111-114. (Canceled)

per C

116. (Currently Amended) A system in which an interactive television program guide is implemented on user television equipment, comprising:

means for monitoring a user's interactions with the interactive television program guide to determine the user's interests;

means for taking targeted actions in the program guide based on the user's interests;

means for monitoring which targeted actions are taken by the program guide;

means for transmitting information on which targeted actions are taken by the program guide from the program guide to a central facility; and

means for maintaining a monitoring record at the central facility containing the information on which targeted actions are taken in the program guide, wherein the means for maintaining the monitoring record further comprises means for ~~maintaining~~ collecting information on the reasons that each targeted action was taken in the monitoring record.

117-120. (Canceled)

AMENDED

121. (Currently Amended) A method for using an

interactive television program guide implemented on user television equipment, comprising the steps of:

monitoring a user's interactions with the interactive television program guide to determine the user's interests;

taking targeted actions in the program guide based on the user's interests;

monitoring which targeted actions are taken in the program guide based on the user's interest;

transmitting information on which targeted actions are taken from the program guide to a central facility; and

maintaining a monitoring record at the central facility containing the information on which targeted actions are taken, wherein the step of maintaining the monitoring record further comprises the step of ~~maintaining~~ collecting information in the monitoring record on the location in the program guide in which each targeted action is taken.

AMENDED

122. (Currently Amended) A method for using an

interactive television program guide implemented on user television equipment, comprising the steps of:

monitoring a user's interactions with the interactive television program guide to determine the user's interests;

taking targeted actions in the program guide based on the user's interests;

monitoring which targeted actions are taken in the program guide based on the user's interest;

transmitting information on which targeted actions are taken from the program guide to a central facility; and

maintaining a monitoring record at the central facility containing the information on which targeted actions are taken, wherein the step of maintaining the monitoring record further comprises the step of ~~maintaining~~ collecting information in the monitoring record on the reasons that each targeted action was taken in the program guide.

123-175. (Canceled)

176. (Currently Amended) A system for providing users with advertisements, comprising user television equipment configured to:

AMENDED

pnc

monitor a user's interactions with an interactive television program guide to determine the user's interests;

display targeted advertising based on the user's interests with in the program guide;

monitor which advertisements are displayed by the program guide;

transmit information on which advertisements are displayed from the program guide to a central facility, and

maintain a monitoring record at the central facility containing the information on which targeted advertisements are displayed, wherein the maintaining further comprises collecting information on the location in the program guide in which each targeted advertisements is displayed in the monitoring record.

177. (Currently Amended) A system for providing users with advertisements, comprising user television equipment configured to:

monitor a user's interactions with an interactive television program guide to determine the user's interests;

AMENDED

mc

display targeted advertising based on the user's interests with in the program guide;

monitor which advertisements are displayed by the program guide;

transmit information on which advertisements are displayed from the program guide to a central facility, and

maintain a monitoring record at the central facility containing the information on which targeted advertisements are displayed, wherein the maintaining further comprises collecting information on the reasons that each targeted advertisement was displayed by the program guide in the monitoring record.

178-181. (Canceled)

182. (Currently Amended) A system for providing users with advertisements, comprising user television equipment configured to:

monitor a user's interactions with an interactive television program guide to determine the user's interests;

take targeted actions in the program guide based on the user's interests;

AMENDED

perc

monitor which targeted actions are taken by
the program guide;

transmit information on which targeted
actions are taken ~~by~~ from the program guide to a central
facility; and

maintain a monitoring record at the central
facility containing the information on which targeted
actions are taken in the program guide, wherein the
maintaining further comprises collecting in the monitoring
record information on the location in the program guide in
which each targeted action is taken.
